

PRESS RELEASE

Monday, November 12, 2007

Zone Striping, Inc. is pleased to announce the addition of a 2007 Model Hydroblast Ultra High Pressure Line Removal Truck to its fleet of state-of-the-art equipment. This equipment supplements the Company's Grinding and Shot Blasting capability, allowing Zone Striping to perform every method of removal currently in use today.

Just another reason to choose Zone Striping for all your line striping and removal needs! Call us to talk at [856] 582.5900.
